

CHURCH WORKERS PLAN FOR COMING RELIGIOUS REVIVAL

Several Meetings Held and Others Scheduled for Future.

Meetings were held at a number of the Protestant churches of the city late yesterday afternoon, at which plans for the coming campaign of "The Men and Religion Forward Movement" were discussed.

At Calvary Baptist Church M. J. Jones spoke. At the Methodist Protestant Church, on North Carolina avenue, F. J. Nichols, one of the leaders of the movement, made a short talk. G. W. F. Swartzell spoke to the ministers of the Presbyterian churches at the New York Avenue Presbyterian Church. At the McKendree Methodist Church Rev. J. W. Sumwalt explained to a number of Methodist ministers what the movement was.

All of the Protestant churches in the District will enter into the campaign, which is to be held here from January 2 to 25.

At the meetings of the ministers yesterday the speakers requested that the local churches appoint at once a committee of six picked men, who should take charge of the different lines of effort represented in "The Men and Religion Forward Movement," namely, boy work, Bible study, evangelism, social service, and publicity.

The third request was that the week of prayer and conference, November 12-15, be observed as a preliminary field week, and include a theater meeting on Sunday, with one of the experts from another city, where a campaign has been conducted, to deliver an address; and that a downtown prayer meeting be held each day at noon, and in the midweek prayer service the program of this campaign be presented by a layman or the pastor.

A Roy B. Guild, executive secretary of the national committee of ninety-seven on "The Men and Religion Forward Movement," will come to Washington some time next week to begin preparations for the work that is to be undertaken here.

Artist Gets Divorce From Richmond Belle

LONDON, Oct. 31.—George Sherwood Foster, the artist, today was granted a divorce from his American wife, Maude Christian Foster. It was in this case that Thomas Beecham, the impresario and son of the millionaire pill manufacturer was named by the husband.

During hearing of the suit it was brought out that Mrs. Foster, who as an American actress, inherited the vast estate of her father, and Beecham, corresponded with a code and they often met.

The counter charges of cruelty made by the former Richmond, Va., belle, were thrown out by the court.

Flies Cause Backslide Of Anvil Evangelist

GREENWICH, Conn., Oct. 31.—Eugene Dickerson, who has been an evangelist and conductor of a mission at Port Chester for the last six years, is in the Greenwich lockup recovering from a protracted period of intoxication.

Dickerson is a blacksmith. He blames the bobtailed horses of wealthy families for his fall from grace. The blacksmith says his patience was exhausted during fly time and he accepted alcoholic gifts from coachmen. His wife was discharged from the hospital Saturday and he drove her out of the house. She is lying again in the hospital, her condition precarious.

Apple Tree Bears Seedless Fruit

RENO, Nev., Oct. 31.—Through an accidental discovery by C. S. Seager, of Davis Creek, Modoc county, in an orchard at Oxpine Creek, of a tree bearing seedless and coreless apples. It is hoped that with the assistance of Luther Burbank it will be possible to propagate seedless apples, something never before accomplished. Mr. Seager has left Reno with twelve samples to take to Mr. Burbank.

The tree from which the seedless apples grew is seven years old, but has been nibbled back each year by cattle. This year it bore twenty-five perfect specimens, all seedless and coreless. A peculiarity is that the withered stems and pistils may still be seen.

Girl a Suicide.

BRADFORD, Pa., Oct. 31.—Mary Hayes, fifteen, committed suicide by shooting, because her mother refused to allow her to celebrate Halloween.

Where Does Your Rent Money Go?

DOES it go into the landlord's pocket—or into a home of your own. Into a home of your own is where it should go—and into a home of your own is where it will go if you put your rent money into one of these beautiful pressed brick Rhode Island Avenue houses.

Only \$26.92 monthly is necessary, after the first small cash payment. This \$26.92 is payable each month just like rent. You will never miss it any more than you miss rent money—and all the time it is paying for a home of your own.

PRICE \$3,300

TO INSPECT—Take any G St. car marked "Brookland," get off at N. Capitol St. and walk one square east on Rhode Island Ave.

M'NAMARA TRIAL OVERSHADOWED BY PRIMARY ELECTION

Seven Men Now in Jury Box, With Eighth Likely to Be Accepted.

LOS ANGELES, Oct. 31.—Interest in the primary election overshadowed today's session of the McNamara trial, the jurors now in the box being rushed to the polls and permitted to vote before court opened. There are now seven men in the box who have been passed by both sides and an eighth against whom the defense has tried to lodge an impeachment challenge which is considered almost certain to fail.

Those passed for cause are: S. B. Manning, rancher; Robert Bain, carpenter; F. D. Green, capitalist; Walter N. Frampton, farmer; George W. McKee, retired builder; A. C. Winter, butcher; Samuel P. Mendenhall, farmer. Challenged for bias, but likely to remain, George W. Johnson, retired molder.

When court reconvened today the State was trying its hardest to eliminate Frank Frakes, a farmer, who has been passed by the defense for cause. He incited to the theory that gas destroyed the Times building, and the State, hoping to impeach, demanded whether he had not told R. B. Cameron that he didn't believe dynamite had anything to do with the Times explosion.

Frakes, a hard-headed farmer, insisted: "Mebbe I did; mebbe I didn't. Cameron talks too much. I'm likely to tell him anything any time in order to get away from him."

Attorney Darrow is doing his best to keep this juror, as Frakes insisted he had no opinion and had never read much or talked about the case. His brother is a member of the Plasterers' Union of San Francisco, and for this reason the State is striving desperately to keep him from being seated.

Western Girls Perfect, College Figures Show

SEATTLE, Oct. 31.—The girls of the University of Washington are the most perfect college women, from a physical standpoint, in the United States, according to statistics compiled by the university department of physical training. These place them in the lead, with perfect grades for health and grace of body.

Here is the average of Washington co-eds: Age, 19.2 years; weight, 121 pounds; height, 5 feet 3 inches; breadth of shoulders, 14 inches; breadth of chest, 19.4 inches; breadth of waist, 23 inches; breadth of hips, 33 inches; depth of chest (from front to back), 6.9 inches; depth of abdomen, 5.9 inches; girth of chest, 47.5 inches; girth of waist, 25.4 inches.

GREAT KIDNEY REMEDY SAVES TWO CHILDREN IN ONE FAMILY

About one year ago two of my children suffered badly from weak kidneys and diabetes. They would have severe spells of dizziness and were all run down in health. I was just about discouraged. I tried several remedies and finally, a doctor, but they did not seem to improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results and I decided to get some for the children. I had noticed that there was some improvement after they had taken two large bottles and continued to give it to them until they had taken one-half dozen bottles and were well on the road to recovery. I think Dr. Kilmer's Swamp-Root has done more for my children than any other medicine I have tried and recommend it to anyone having children that suffer as mine did.

Very truly yours,
R. W. LISBENY,
Dothan, Ala.

Personally appeared before me, this 2nd day of July, 1909, R. W. Lisbeny, who subscribed to the above statement and made oath that the same is true in substance and fact.

ATTACK BY AUSTRIA THREATENS UNLESS ITALY ALTERS PLAN

Proposed Naval Demonstration in Turkish Waters Stirs Resentment.

VIENNA, Oct. 31.—The outlook in Italy is alarming today. King Victor's forces in Tripoli are threatened with worse than the disaster which has already overtaken them, as there is danger of a clash with Austria. An anti-militarist and anti-monarchist uprising is imminent.

African news is still meager, owing to the Italian control of the cables, but it seems certain that the Turks have reoccupied the outskirts of Tripoli and are likely to drive the Italians out entirely. Reports that the latter lost 5,000 killed and had 7,000 taken prisoners are accepted here as true. Should the Turks recapture Tripoli they can hardly be blamed if a slaughter of Italians follows, after the brutality of the Italian massacre of Arabs—men, women, and children—inside the city just before the Turkish attack began. How many were slain is uncertain, but it is reliably reported that the native population was practically wiped out, under the pretense that they might attack the Italians from the rear while the latter were engaged with the Turks.

Whether it is true that the Rome government is mobilizing 100,000 additional troops, as the Giornale D'Italia, of Milan, asserts, information received by the war office here leaves no doubt that troops are being gathered quietly for a fresh expedition to Africa. What especially concerns Austria is the Italian cabinet's decision to carry out a big naval demonstration in Turkish waters in defiance of Austria's warning that Italian activities must be confined to Africa.

Students and Faculty Of College "Stuck Up"

ADA, Ohio, Oct. 31.—Molasses, of the stickiest variety that could be found, interrupted the course of higher education at the Ohio Northern University here. When assembled for chapel services nearly 1,000 students, boys and girls found their chairs smeared with the glue-like substance. About 100 sat down, including President Smith, whose chair behind the pulpit was covered. Most of the victims had to be pried loose. President Smith ordered all male students to report at the chapel with buckets and scrubbing brushes and while the place was being cleaned an investigation was in progress.
